Subject: Oppose SB 16

Dear Judiciary Committee:

Considering that Governor Lamont has declared that Connecticut is one of the safest states when it comes to "gun violence" and has some of the toughest laws, "but that isn't good enough" reminded me of something that Benjamin Franklin once famously wrote

"Those who would give up essential Liberty, to purchase a little temporary Safety, deserve neither Liberty nor Safety."

I guess we are there, enough has been done in the name of gun control to the citizens that obey and respect the laws. It is time for the laws on the books to be upheld and criminals punished not rewarded or looked upon the other way. It seems you are to always out punish the ones who respect the laws and take away their rights. I think time has come to respect the citizens rights because these laws only hurt them. The ones

that have no regard for the rule
of law will ignore the laws as
they have in the past because
they are not enforced. The law
abidding hard working tax
paying citizen suffers-Thank you
